

BLUE ARROW JUNIPER

Juniperus virginiana 'Blue Arrow'

Height: 12-15' **Spread:** 2'

Location: Zone 4, sun to light shade

Shape: Narrow, upright

Foliage: Bright blue

Notes: Improved variety produces bright blue foliage on tight, narrow, upright form. Ideal for spatially challenged screening. Excellent in symmetrical pairs or as a single specimen. Plant as a hedge for tall narrow privacy screen. A beautiful dark green background for beds and borders.

BLUE CHIP JUNIPER

Juniperus horizontalis 'Blue Chip'

Height: 8-10" **Spread:** 4-6'

Location: Zone 3, sun to light shade

Shape: Spreading, compact

Foliage: Blue year round

Notes: Superior evergreen ground cover displaying silver-blue foliage on a widely spreading habit. Foliage retains its rich color all year long. Performs best in colder regions.
