

RED JEWEL CRABAPPLE

Malus 'Jewelcole'

Height: 15' **Spread:** 12'

Location: Zone 4, sun.

Shape: Upright, pyramidal to oval crown.

Foliage: Dark green turning yellow in fall.

Notes: `Red Jewel' Crabapple is grown for its splendid white flowers and attractive, brilliantly-colored red fruit. The tree grows to only 15 feet tall with an irregular, oval crown form making this cultivar well suited as an ornamental or small street tree.
